

**HOST
SEMINAR RESPONSIBILITIES
PDI NATIONALS**

Questions arising on the below responsibilities should be directed to The National Executive Director.

These trials are held in the Fall or late Summer of each year. Trial testing usually runs for Six (6), Sunday through Friday full days with registration and meetings conducted Sunday. The trials conclude with a luncheon or banquet on Friday. Bids to host these trials are solicited up to two years in advance by presenting a request to the National USPCA Executive Committee. Bids will be voted on at a National Meeting by the Committee, time permitting. In time critical situations, approval by just the board can be solicited by the National President. The host agency(s) will submit a letter of support signed by the agency's CEO (or designee) and a letter of support from the region when the bid is submitted. This letter of support needs to be presented at time of bid or mailed to the national secretary before any vote is taken.

Hotel - Motel

The host is required to obtain hotel or motel facilities that will serve the needs of the association. The facilities for this event should have the ability to block for reservations 200 rooms. Additional back up rooms need to be obtained if registration exceeds the primary hotel capacity.

A meeting with the hotel, motel staff also needs to be conducted prior to the arrival of the teams to instruct them on how to work with dogs staying in and about the facility. Door hangers will be provided for all guests keeping a dog in the room to prevent staff from entering. **FOR THIS REASON, THE**

STAFF AND THE OFFICERS NEED TO BE INSTRUCTED. Sometimes the occupant forgets to use the door hanger and thus places the staff and others in danger.

The facility selected needs to have a large room for hospitality and rooms for the executive, judges and competitors meetings. The room for the Executive Committee Meeting and General Membership Meeting needs to have a good sound system with at least two microphones. There also must be an American Flag in the room for the opening of the Executive Committee and General Membership meetings and closing banquet. The hotel / motel or other location needs to have available, a room for score keeping that is a conference type room with table space and electric. The score keeper's room should have good ventilation, heating and / or air conditioning, depending on local weather. The room should be easily accessible for the score keepers.

Hospitality

Although this is not a mandated requirement, host agencies have supplied evening hospitality as part of hosting responsibilities. The hospitality is a cost on the host as each night, food, soft drinks, bar set ups, beer may be provided. The type of food and drink and how it is made available is totally up to the host. This is, of course, subject to all local and state laws. The location of hospitality is also up to the host. Both local hotel and off site hospitality have been used in the past. If alcohol is being served off site, transportation and/or designated drivers must be provided. This keeps the membership from driving while enjoying hospitality.

It is strongly recommended to keep all the hospitality at the host hotel for the week. This allows all sponsors/vendors access to our members every day.

If a participant has family and friends attending, the host agency may charge a hospitality fee for the additional people. Hospitality also gives a necessary forum to keep those involved current on any changes and information that needs updated.

Registration forms should address extra guest(s) costs of children and friends for hospitality unless the host wants to incur those added people. Judges, score keepers, vendors and national awards sponsors are not charged a hospitality fee.

Raffles

The running of raffles (where legal) from donated prizes during hospitality has proven to be a large monetary boost to the host. One member who can get attention and provide the microphone work during the raffles will generate sales and an enjoyable time. Tracking income from raffles and T shirt sales as well as tracking expenses associated with hospitality is required for financial accounting. Prizes are usually solicited from vendors and area businesses for the items raffled.

PURINA

The Host Agency shall support Purina as the official and exclusive dog food sponsor of the Association and events, with exclusive dog food and dog nutrition supplements (including but not limited to probiotics and "energy" bars) representation on host's magazine, printed materials, event signage, announcements and materials.

The host is to submit an accurate list of events, event dates, and contact persons to be considered for support by Purina, a minimum of 60 days before their event.

The Host shall provide Purina prominent ad placements in all Event Programs, at no additional cost to Purina, and ensure Purina verbal recognition and signage as Official and Exclusive Dog Food Sponsor at all Banquets and Events.

The host shall, to the best of their ability, ensure proper recognition for Purina material and the distribution of that material at all National Events.

Sponsors /Vendors

The host makes contact with businesses to market vendor space at hospitality. A good list of potential vendors and/or raffle donations can be obtained from the Canine Courier and the National Web Page www.uspcak9.com .

A person, chosen by the host, will be designated as “Sponsor/Vendor Coordinator.” The “Coordinator” will be the liaison for all sponsors/vendors. The “Coordinator” will provide their contact information (cell phone/e-mail address) to all vendors/sponsors. The sponsors will be advised to contact the “Coordinator” with any issues or questions.

The “Coordinator” will hold a special sponsor/vendor meeting on the first day of the event. This meeting will ensure that these supporting sponsors/vendors, if attending, are directed to the area they are to set up their displays. An event schedule, directions, maps to the venues and just basic assistance will be available at this meeting. This meeting should be held just before the General Membership Meeting. All sponsors/vendors should be introduced at the General Membership meeting, so the sponsors/vendors have some time to talk to the members about their product.

If the host is planning on having a printed program, it is a good idea to offer all sponsor/vendors a “package deal (i.e. Vendor space + advertising = discounted cost).

If any banners are placed in the hospitality room or banquet room, the sponsor of the national awards program will be permitted to also hang a banner (like or smaller in size). With the influx of members and meetings we tend to forget basic support for the vendors and they are important to the host as well as the association.

Vendors need to be included in any hospitality area. The room used for hospitality should be chosen with set up room for vendors. The vendor room should be where all the vendors and their displays, including any signs, are located. If possible the vendor area should be around the outer walls in the hospitality / banquet room in order to increase the face time with the attendees. To save on room in the hospitality / banquet room, the food service line, if possible, need to be located outside the main room. Examples out one door - get your food – go to another and return to the dining room.

It is also a good practice, that the vendors be given access to the food court about 15 plus minutes prior to the opening of the food line. This gives them an opportunity to eat without trying to wolf a meal down between customers walking up to their tables. Vendors need to feel welcome as they also are a valuable resource for the host and the association.

Vendors Fee

This is the fee charged vendors to set up a table(s), banners, etc to display merchandise.

National PDI Trials - \$500 with an option of \$250 cash and \$250+ in equipment.

National Award Sponsors (check with National Executive Director for list of sponsors) will have the option to pay fee as above or up to 100 %(+) in equipment.

National Detector Trials – \$250 cash with the option to exchange in equal equipment value with the trial hosts approval.

National Training Seminar - \$250 cash with the option to exchange in equal equipment value and/or any instructor fee's with seminar host approval.

Note: Cost varies as attendance is greater and the time longer of PDI.

Vendors are responsible for any additional costs to maintain their booth for any equipment usage or rental charge(s) from the host facility to wit: tables, chairs, electric supply, set-up or tear down fees and any other none host controlled charges.

Program Ads – Hosts have the option to produce a program book in which advertisements (ads) are sold. This program book will generate funds to help defray the costs with hosting the trials & seminar. The Vendors Fee should take into consideration a combination pricing for those vendors solicited for both the set up vendor fee and any book ad.

Hotel Rooms Supplied

The host is responsible for making reservations and providing rooms for the national president, national secretary, national treasurer, national director, the chief judge and the chief score keeper. The chief score keeper's room is paid for if not a spouse or staying in one of the already paid rooms.

Reservations

The host makes reservations for only those that they provide rooms for. Depending on the number of rooms booked, you should be getting some complimentary rooms. Once the required rooms are provided, you can then start providing rooms for officials or

other officers, as you deem appropriate. Judges need to make their own room reservations.

Judges- Score Keepers

The patrol trials require 22 judges and a chief judge. The host (from approved list) selects the chief judge. The Chief Judge has to be from an outside region. The chief judge will select the chief score keeper (from approved list). The USPCA selects the other 22 judges. The chief score keeper selects the other three score keepers from approved list. Hosts that wish to have a local score keeper(s) need to contact the National Judges Committee Chairman for the requirements. Help in the score keeping room and runners of score sheets will be provided by the host.

The chief judge's room is covered as a trial expense by the host. The chief judge's travel expense is covered by the USPCA National Office. No travel is paid for the other 22 judges. The host is responsible for \$250 for each of the 22 regular judges and \$275 for the chief judge. The USPCA matches that and the judges receive a total of \$500 each and the chief judge receives \$550.

Score keepers will be four, three (3) regular and one (1) Chief Score Keeper. The Chief Score Keeper's room is covered as a trial expense by the host. The Chief Score Keeper's travel is paid for if not a spouse and/or riding in one of the already mileage paid travel vehicles. No travel is paid for the other 3 Score Keepers.

The host is responsible for \$250 for each of the regular score keepers and \$275 for the chief score keeper. The USPCA matches that cost.

The National office will cover ½ the room costs for the 22 judges, and the 3 score keepers .

Novice Judges

All novice judges and score keepers are selected by the judges committee. Novice Judges receive no monetary compensation. No registration fee is paid by Novice Judges and they should be furnished with hospitality and banquet tickets. Breakfast and field lunches are also provided.

Registration Fee

The registration fee is \$150. Judges or Score Keepers will not pay a registration fee.

Luncheon Tickets

Dignitaries, National Officers, the Case of the Year Winner and national award sponsors, judges and score keepers will be provided tickets at no cost for the Awards Luncheon. Additional tickets for family or friends will be purchased at hosts' option.

Host agencies help fund the trials by soliciting donations to the USPCA Foundation 501c(3) and other fund raising ventures:

Example - selling ads in a program that highlights the host agency and provides advertisement in a booklet format. This is also a host responsibility if they elect to publish one. Recent IRS ruling requires only the cost of advertisement to produce the ad can be deducted but a donation to the Foundation is usually 100% deductible.
